

## **Project partner, EUROPEN**

**EUROPEN** is a non-profit association whose main objective is to enhance the international training of young people and adults using commercial documentation via the practice firms under the auspices of the Central Offices in each country.

The association promotes language, cultural, business and social competencies through exchanges, international meetings, workshops and commercial trading between practice firms. The association creates and supports this unique hands-on training methodology through the development and delivery of a wide range of commercial services via its national Central Offices.

**EUROPEN** is involved in the following main areas:  
Initial training, further training and retraining, consultancy, qualification standardisation, research, software development, development of curriculum criteria and exchange of experiences

Countries that participate in **EUROPEN** are as follows:

Austria, Belgium, Denmark, Finland, Sweden, Norway, Germany, Great Britain, Netherlands, Switzerland, Spain, France, Italy, Poland, Slovenia, Ukraine, Slovak Republic, Lithuania, Bulgaria, Czech Republic, Russia, Canada, USA, Australia, Argentina, Brazil, Japan, South Africa

**EUROPEN** is a fast growing association, which is undertaking a European Community's Leonardo project called:

*"Analysis and Development of Minimum Quality Standards for Practice Firms towards a Common European Certification".*
